School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019—20)

Wilsona Achievement Academy is an alternative community day school located at the south end of the property of our neighboring campus. That school provides 1 teacher and 2 part time instructional assistants and educates students who are in sixth through eight grade.

Wilsona Achievement Academy is a small rural school located in the farthest northeast part of Los Angeles County. When you come to our school, you will find dedicated teachers who care about their students. The teachers spend time planning lessons and learning more about how to teach 21st Century skills as well as what the Common Core Standards are requiring, preparing students for the world they are about to enter. You will see office staff, custodians, cafeteria workers, instructional assistants, and noon duty supervisors and other personnel caring about our students, and campus in many ways: from greeting by our office staff, to the food that is being served, to how the campus is being supervised and monitored throughout the day. The environment for how our teachers and students learn and play is important. Our students would not be successful without the support of their parents or guardians who communicate and build a relationship with teachers and staff. It is a true partnership that makes a student successful when the school and parents can come together for the success of the student. We aim to continue to improve this partnership with our parents and community.

School Facility Conditions and Planned Improvements

Using the Facility Inspection Tool(FIT), it was determined that the school's overall rating was a 96.99%. This means that the school is maintained in good repair with a number of non- critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated. The key areas that need attention are leaks in bathrooms, replacing ceiling tiles. Work orders were submitted to address these repair needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	25.0%	21.0%	24.0%	27.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	8.0%	0.0%	16.0%	15.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

All too often, parent involvement in schools is not much more than the glimpse or informal meeting at a parent-teacher conference and an open house. Parents' involvement is vital in students' success, and in creating a healthy and effective school environment. With this in mind, here at Challenger and Wilsona Achievement Academy (WAA), we plan to encourage and engage parents in their children's education by doing some of the following:

- Open House- gives us an opportunity to connect with parents, and familiarize them with what goes on in the classroom, our teaching style and school-wide expectations.
- Teachers making the first contact a positive one- We encourage our teachers to introduce themselves to parents before students take a seat in their classrooms. This can be done through telephone, letters, e-mail etc. We don't want teachers to wait until the student gets into trouble, or falls behind academically, before the first contact is made. Building a bond and partnership between teachers and parents is an integral part of students' success.
- Recruit Parent Classroom Volunteers- Have parents help in the classroom or during field trips, dances, and any school event. Helping in this environment give parents a first-hand look, and helps create a bond with the teacher and students.
- Keep parents informed constantly- Parents should be up to date on activities and school events. This can be done through notes in binder reminders, e-mails, and connect-ed messages. Also send home on a regular basis students' performance both academically and behaviorally. Provide parents an opportunity to be involved in their children's school life.
- Have parents be involved in PTSO, School Site Council, English Language Advisory Committee(ELAC), School Advisory Committee, etc.
- Encourage parents to check their children's' grades in Power School, and to have an open-door policy, creating a forum, where parents and teachers can be constantly communicating about a child's progress.

We are also working to partner with our parents about the workings of PBIS (Positive Behavior Intervention and Support) within the school environment, to be aligned with behavior expectations at home.

School Safety Plan (School Year 2019—20)

Challenger Middle School and Wilsona Achievement Academy (WAA) had 0 crimes reported on its campus in the 2018-2019 school year. Staff is notified of dangerous students following the procedures as Mandated by Education Code 35294.2[a][2][D];49079. Staff follows Education Code 35294.2[a][2][A] when reporting child abuse.

Staff members are provided the school district procedures for reporting child abuse along with a reporting form in the staff handbook. Challenger and WAA have monthly disaster/fire drills to ensure that staff and students know all emergency procedures. Students attend safety assemblies so they are notified of school rules and the definition of weapons, bullying and racial slurs, as well as sexual harassment. Students are taught how to report and deal with such incidents. This promotes understanding of the high standards of behavior and safety that Challenger and WAA expect.

Our leadership team continues to be trained in Positive Behavior Intervention and Support (PBIS) for the 2018-19 school year, adding a tier 2 team that will help with behavior interventions. Our team continues to remind students of the rules and school wide expectations. Teachers also attended Capturing Kids Hearts training last summer and are implementing strategies in their classrooms like: shaking students hands when they enter, and/or "tell me something good".

The idea is to make a connection with students, creating a positive atmosphere that in turn minimizes behavior issues, increasing instructional minutes. Students in each class created a Social Contract that displays norms they agreed to adhere to in the classroom.

Parents are notified of procedures for visiting the school and picking up students early from school. All visitors must sign in and wear a badge while on school property. All staff members are also required to wear ID's provided by the district. This is to ensure the safety of all members of our school community. Staff are assigned duty locations before and after school

to ensure that students ingress and egress safely around the campus. During nutrition and lunch, students are provided supervision during their eating and free time, with the monitoring of Noon Duty Aides, and Administration.

All visitors are given a pass to indicate that they are on campus with permission. All volunteers are screened and fingerprinted annually.

The Vice Principal has been assigned the task of updating and training staff members on the Comprehensive School Safety Plan. The School Safety Plan is then presented to the School Site Council and then submitted to the Board for annual approval in March. It is available for public inspection.

Fencing has also been installed in parts of the campus to secure and enclose sections of the campus. An updated camera system has also been installed in the office.

Challenger Middle School and WAA receives custodial services from one day-time custodian, and three part- time evening custodians who perform basic custodial services.
