## **Educator Effectiveness Plan Executive Summary December 2021**

As a condition of receiving Educator Effectiveness funds, a school district, county office of education, charter school, or state special school is required to:

- On or before December 30, 2021, develop and adopt a plan delineating how the Educator Effectiveness funds will be spent including the professional development of teachers, administrators, paraprofessionals, and classified staff. The plan must be explained in a public meeting of the governing board of the school district or county board of education, or governing body of the charter school, before its adoption in a subsequent public meeting.
- As a condition of apportionment, submit an annual data report and an annual expenditure report detailing information to the California Department of Education (COE), including, but not limited to, specific purchases made and the number of teachers, administrators, paraprofessional educators or classified staff that received professional development on or before September 30 of each year. In addition, as a condition of apportionment, a final data and expenditure report is also required to be submitted to the COE on or before September 30, 2026.

Funds may be expended for the purposes identified in Assembly Bill 130, Chapter 44, Section 22. These expenditures may take place over fiscal years 2021-22, 2022-23, 2023-24, 2024-25, and 2025-26. LEAs may use these allocated funds to provide professional learning for teachers, administrators, paraprofessionals, and classified staff that interact with pupils in order to promote educator equity, quality, and effectiveness. Funding apportioned for Educator Effectiveness is subject to the annual audits required by Section 41020 of the EC.

Per EC 41480, local educational agencies shall coordinate the use of Title II funds with the expenditure of Educator Effectiveness funds and to ensure professional development meets educator and pupil needs, local educational agencies are encouraged to allow school site and content staff to identify the topic or topics of professional learning.
