

Benefits You Can Count On

Anthem Blue Cross HMO
Self-Insured Schools of California
Wilsona School District
Directory of Providers

**Choosing the
right plan is a very
personal thing.**

Use this book to find one that's

- Right for your lifestyle
- Right for your needs
- Right for your peace of mind

Welcome to our family

When you join the Anthem Blue Cross family, you receive important advantages like improved access to affordable and quality health care. We're committed to the idea that true service begins and ends with understanding *and* responding to your needs!

Your Provider Directory

The enclosed Provider Directory has all the information you need to easily select or verify your provider. In addition, we offer a number of quick and easy ways to locate participating providers. You can search for a provider by visiting our website, anthem.com/ca, or you can call Customer Service at the toll-free number on your member ID card.

We're dedicated to improving your health

With Anthem Blue Cross, you'll have peace of mind knowing that you're covered by one of the most trusted names in health care coverage, and that you're getting more value in so many ways. We are committed to delivering high quality, affordable health coverage and help you be as healthy as you can be. As the health care plan more Californians depend on, we look forward to serving your health care needs. Welcome to the Anthem Blue Cross family. Our goal is to provide you with the kind of products, services and information you need to make a difference in your health care.

Directory of Health Care Professionals and Institutions

Si necesita ayuda en español para entender este documento, puede solicitarla sin costo adicional, llamando al número de Servicio al Cliente que aparece al dorso de su tarjeta de identificación o en el folleto de inscripción.

Please read the following information so that you will know from whom or what group of providers care may be obtained.

It is important to know that when you enroll in this plan, services are provided through the plan's provider network but the continued participation of any one doctor, hospital or other health care professional or institution cannot be guaranteed.

Reproductive Health Care Services

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family members might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic, or call us at the Customer Service telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Non-Physician Health Care Professionals

Your medical group or IPA may contract with non-physician professionals (podiatrists, optometrists, physician assistants, nurses, clinical psychologists, social workers, nutritionists, occupational or physical therapists or others) to provide care for its patients. You must generally be referred to these health care professionals by your medical group or IPA. You may obtain a list of these non-physician professionals from your medical group or IPA.

Note

Although hospital affiliations are listed for each medical group or IPA, there may be times when your doctor or Anthem Blue Cross will authorize admission to a subacute facility (such as a skilled nursing facility) or other treatment from a subacute health care institution (such as a Home Health Agency). A list of contracting subacute health care institutions is available from your medical group, IPA or Anthem Blue Cross.

Questions

If you have questions, call the coordinator at your medical group or IPA or a Customer Service representative at the toll-free number on your ID card.

This listing does not constitute a recommendation of any provider or facility. The choice is yours. The network is subject to change. Current information may be obtained by calling Customer Service at the toll-free number on your ID card, or you can check our website at anthem.com/ca. Simply click on Find a Doctor, our online resource for finding doctors, hospitals and other health professionals.

Important legal information you should take time to read

Women's Health and Cancer Rights Act of 1998

The Women's Health and Cancer Rights Act explains your rights for treatment under the health plans if you need a mastectomy. Plain and simple... we're here for you.

If you ever need a benefit-covered mastectomy, we hope it will give you some peace of mind to know that your Anthem Blue Cross or Anthem Blue Cross Life and Health Insurance Company benefits comply with the Women's Health and Cancer Rights Act of 1998, which provides for:

- Reconstruction of the breast(s) that underwent a covered mastectomy.
- Surgery and reconstruction of the other breast to restore a symmetrical appearance.
- Prostheses and coverage for physical complications related to all stages of a covered mastectomy, including lymphedema.
- All applicable benefit provisions will apply, including existing deductibles, copayments and/or co-insurance.

HIPAA NOTICE OF PRIVACY PRACTICES

The HIPAA Notice of Privacy Practices explains the rules around how we handle your private information under HIPAA laws. Plain and simple... we don't share your information unless it's needed to manage your benefits or you give us the OK to do it.

We keep the health and financial information of our current and former members private as required by law, accreditation standards, and our rules. This notice explains your rights. It also explains our legal duties and privacy practices. We are required by federal law to give you this notice.

Your Protected Health Information

We may collect, use, and share your Protected Health Information (PHI) for the following reasons and others as allowed or required by law, including the HIPAA Privacy rule:

For Payment: We use and share PHI to manage your account or benefits; or to pay claims for health care you get through your plan. For example, we keep information about your premium and deductible payments. We may give information to a doctor's office to confirm your benefits.

For Health Care Operations: We use and share PHI for our health care operations. For example, we may use PHI to review the quality of care and services you get. We may also use PHI to provide you with case management or care coordination services for conditions like asthma, diabetes, or traumatic injury.

For Treatment Activities: We do not provide treatment. This is the role of a health care provider such as your doctor or a hospital. But, we may share PHI with your health care provider so that the provider may treat you.

Important legal information you should take time to read (continued)

To You: We must give you access to your own PHI. We may also contact you to let you know about treatment options or other health-related benefits and services. When you or your dependents reach a certain age, we may tell you about other products or programs for which you may be eligible. This may include individual coverage. We may also send you reminders about routine medical checkups and tests.

To Others: You may tell us in writing that it is OK for us to give your PHI to someone else for any reason. Also, if you are present, and tell us it is OK, we may give your PHI to a family member, friend or other person. We would do this if it has to do with your current treatment or payment for your treatment. If you are not present, if it is an emergency, or you are not able to tell us it is OK, we may give your PHI to a family member, friend or other person if sharing your PHI is in your best interest.

As Allowed or Required by Law: We may also share your PHI, as allowed by federal law, for many types of activities. PHI can be shared for health oversight activities. It can also be shared for judicial or administrative proceedings, with public health authorities, for law enforcement reasons, and to coroners, funeral directors or medical examiners (about decedents). PHI can also be shared for certain reasons with organ donation groups, for research, and to avoid a serious threat to health or safety. It can be shared for special government functions, for workers' compensation, to respond to requests from the U.S. Department of Health and Human Services and to alert proper authorities if we reasonably believe that you may be a victim of abuse, neglect, domestic violence or other crimes. PHI can also be shared as required by law.

If you are enrolled with us through an employer sponsored group health plan, we may share PHI with your group health plan. We and/or your group health plan may share PHI with the sponsor of the plan. Plan sponsors that receive PHI are required by law to have controls in place to keep it from being used for reasons that are not proper.

Authorization: We will get an OK from you in writing before we use or share your PHI for any other purpose not stated in this notice. You may take away this OK at any time, in writing. We will then stop using your PHI for that purpose. But, if we have already used or shared your PHI based on your OK, we cannot undo any actions we took before you told us to stop.

Genetic Information: If we use or disclose PHI for underwriting purposes, we are prohibited from using or disclosing PHI that is genetic information of an individual for such purposes.

Your Rights

Under federal law, you have the right to:

- Send us a written request to see or get a copy of certain PHI or ask that we correct your PHI that you believe is missing or incorrect. If someone else (such as your doctor) gave us the PHI, we will let you know so you can ask them to correct it.
- Send us a written request to ask us not to use your PHI for treatment, payment or health care operations activities. We are not required to agree to these requests.

Important legal information you should take time to read (continued)

- Give us a verbal or written request to ask us to send your PHI using other means that are reasonable. Also let us know if you want us to send your PHI to an address other than your home if sending it to your home could place you in danger.
- Send us a written request to ask us for a list of certain disclosures of your PHI.

Call Customer Service at the phone number printed on your identification (ID) card to use any of these rights. They can give you the address to send the request. They can also give you any forms we have that may help you with this process.

How we protect information

We are dedicated to protecting your PHI. We set up a number of policies and practices to help make sure your PHI is kept secure.

We keep your oral, written, and electronic PHI safe using physical, electronic, and procedural means. These safeguards follow federal and state laws. Some of the ways we keep your PHI safe include offices that are kept secure, computers that need passwords, and locked storage areas and filing cabinets. We require our employees to protect PHI through written policies and procedures. The policies limit access to PHI to only those employees who need the data to do their job. Employees are also required to wear ID badges to help keep people, who do not belong, out of areas where sensitive data is kept. Also, where required by law, our affiliates and non-affiliates must protect the privacy of data we share in the normal course of business. They are not allowed to give PHI to others without your written OK, except as allowed by law.

Potential Impact of Other Applicable Laws

HIPAA (the federal privacy law) generally does not preempt, or override other laws that give people greater privacy protections. As a result, if any state or federal privacy law requires us to provide you with more privacy protections, then we must also follow that law in addition to HIPAA.

Complaints

If you think we have not protected your privacy, you can file a complaint with us. You may also file a complaint with the Office for Civil Rights in the U.S. Department of Health and Human Services. We will not take action against you for filing a complaint.

Contact Information

Please call Customer Service at the phone number printed on your ID card. They can help you apply your rights, file a complaint, or talk with you about privacy issues.

Important legal information you should take time to read

Copies and Changes

You have the right to get a new copy of this notice at any time. Even if you have agreed to get this notice by electronic means, you still have the right to a paper copy. We reserve the right to change this notice. A revised notice will apply to PHI we already have about you as well as any PHI we may get in the future. We are required by law to follow the privacy notice that is in effect at this time. We may tell you about any changes to our notice in a number of ways. We may tell you about the changes in a member newsletter or post them on our website. We may also mail you a letter that tells you about any changes.

Si necesita ayuda en español para entender este documento, puede solicitarla sin costo adicional, llamando al número de servicio al cliente que aparece al dorso de su tarjeta de identificación o en el folleto de inscripción.

This Notice is provided by the following companies: **Anthem Blue Cross and Anthem Blue Cross Life and Health Insurance Company**

STATE NOTICE OF PRIVACY PRACTICES

As we told you in our HIPAA notice, we must follow state laws that are more strict than the federal HIPAA privacy law. This notice explains your rights and our legal duties under state law.

Your Personal Information

We may collect, use and share your nonpublic personal information (PI) as described in this notice.

We may collect PI about you from other persons or entities such as doctors, hospitals, or other carriers.

We may share PI with persons or entities outside of our company without your OK in some cases.

If we take part in an activity that would require us to give you a chance to opt-out, we will contact you. We will tell you how you can let us know that you do not want us to use or share your PI for a given activity.

You have the right to access and correct your PI.

Because PI is defined as any information that can be used to make judgements about your health, finances, character, habits, hobbies, reputation, career and credit, we take reasonable safety measures to protect the PI we have about you.

A more detailed state notice is available upon request. Please call the phone number printed on your ID card.

Si necesita ayuda en español para entender este documento, puede solicitarla sin costo adicional, llamando al número de servicio al cliente que aparece al dorso de su tarjeta de identificación o en el folleto de inscripción.

Once you're a member, it's easy to get answers to any questions about your plan.

Just call the number on the back of your member identification (ID) card after you get it.
